April 26, 2011

Currie Rose Resources Inc has been informed by Trueclaim Exploration Inc of the following results on the Scadding gold property in Sudbury Ontario.

Significant intersections in the North Zone, including 3.5 g/t Au over 10.0 metres in hole TRM-11-15 on the Scadding Gold Property (the "Property").

Trueclaim has currently completed 4,000 metres of Phase II, 8,000 metre drill program on the Property. After successful drilling in the South Zone with significant results, six oriented holes recommended by SRK Consulting were drilled in the North Zone to obtain precise structural information on the nature of the mineralization and trend of the brecciation. All holes were successful in hitting chlorite zones and the results are listed below with a section of the highlighted holes:

Hole	Interval			Grade

	From	To	Length	Au
Hole ID	(m (ft))	(m (ft))	(m (ft))	(g/t)

TRM-11-11	50.0 (164.0)	54.42 (178.5)	4.42 (14.5)	2.32
TRM-11-12	32.0 (105.0)	38.0 (124.7)	6.0 (19.7)	2.79

TRM-11-13	97.0 (318.2)	99.0 (324.8)	2.0 (6.6)	0.44
TRM-11-14	61.0 (200.1)	66.0 (216.5)	5.0 (16.4)	2.39

Oriented core has never been drilled on the property before. The nature of the mineralized breccia is structurally complex and historically was poorly understood, thus the data is very significant in aiding the geological team in the right direction for the upcoming phase of delineation drilling in the North Zone.

Recently the Currie Rose New Zone was evaluated with about 700 metres of drilling, chlorite was present in all holes and assay results are pending. Visible gold was found in TRM-11-22 at 32m.

The next phase of the drill program includes two oriented holes in the East-West Zone to get a precise orientation of the chlorite. This will be undertaken before exploratory drilling takes place. Four oriented holes are planned in the South Zone. This will assist the geological team to project the mineralization along strike and to depth, increasing the accuracy of exploratory drill holes. Trueclaim holds the Scadding property under option from Currie Rose Resources and has the right to earn a 100% working interest in the property.
